

# Energy Diet Specifications sheet

## Omelette Flavour

### Total diet replacement for weight control.

#### Gluten-free. Source of fibre.

**Weight-loss :** The replacement of two of the meals, corresponding to the daily ration of a low-calorie diet, by meal replacements contributes to losing weight.

**For your balance :** The replacement of one of the meals, corresponding to the daily ration of a low-calorie diet, by a meal replacement contributes to maintain your weight after your weight-loss.

### Use

- To control or stabilize your weight.
- To help you structuring your meals.
- To keep you from being hungry.

### The +

- A full and balanced meal with low caloric intakes (about 200 kcal) .
- Combines high-nutritional quality proteins, soluble fibres and complex carbohydrates which support the feeling of satiety.
- Made with 23 vitamins and minerals for optimum nutritional intakes.
- An exclusive and patented High Digestibility (HD) system which favours the Energy Diet assimilation.
- Gluten free.

**Guaranteed free from preservatives, artificial colouring and glutamate.**

### Preparation

Mix about 25g of Energy Diet in 250 ml semi-skimmed milk. Pour the preparation into a container adapted for a micro-wave and heat for 5-6min at 750 W. Close the tin well after use and keep in a cool and dry place. It is important to follow the mode of preparation.

### Recommandations

This product should be consumed as part of a varied and balanced diet and a healthy lifestyle. Four portions of Energy Diet provide the required nutritional intake for one day. Please consult a doctor before consuming for more than three weeks of starter phase. Drinking at least 1 ½ litres of water a day is recommended. Not suitable for children under 3 years old or pregnant or breastfeeding women. Shake before use. Consume as quickly as possible after preparation.

### Suggestions :

- You can add :
- vegetable : fresh, frozen or tinned. . .
  - spices

Packaging: a 450 g tin, i.e. 15 full meals
